ORDER

NELSON S. ROMÁN, United States District Judge:

The Court is in receipt of four letters from *pro se* Plaintiff, filed between October 14, 2020 and October 22, 2020 (attached to this order), submitting exhibits in support of his motion for a preliminary injunction and seeking clarification regarding the proper procedure for vigilantly prosecuting his transferred claims in the United States District Court for the Northern District of New York (ECF No. 16). (ECF Nos. 19, 20, 21, & 22.)

As described in greater detail in the Court's Partial Transfer Order & Order of Service dated October 6, 2020: (1) Plaintiff's claims arising at Sullivan Correctional Facility are severed from Plaintiff's claims arising at Great Meadow Correctional Facility ("Great Meadow"), Clinton Correctional Facility ("Clinton"), and the claims against Department of Corrections and Community Supervision ("DOCCS") officials in Albany; (2) the severed claims—*i.e.*, the claims arising at Great Meadow and Clinton, and against DOCCS officials in Albany—are transferred to the United States District Court for the Northern District of New York; and (3) Plaintiff's request for injunctive relief was denied without prejudice to Plaintiff renewing his application in the Northern District of New York. (ECF No. 16.)

*First*, the letters submitted by Plaintiff in support of his motion for a preliminary injunction (ECF Nos. 19, 20, & 21) were filed after this Court denied that motion (ECF No. 16) and transferred his claims giving rise to his motion for a preliminary injunction to the Northern District of New York. Accordingly, to the extent that Plaintiff seeks to renew his application for a preliminary injunction in this Court, his motion is DENIED without prejudice. He is directed to renew his motion in the transferee court if he wishes to proceed with his application.

*Second*, Plaintiff is advised that he is not required to file a new complaint in the Northern District of New York in order to proceed with his transferred claims in the transferee court. Instead, the Clerk of the Court will complete the transfer of his claims by submitting the files from this Court to the Northern District of New York. Plaintiff will receive further notification after the transferred action has been assigned to a court in the Northern District of New York.

The Clerk of the Court is respectfully directed to include ECF Nos. 19, 20, 21, and 22 in the files submitted to the transferee court in the Northern District of New York. The Clerk of the Court is further directed to mail a copy of this Order to Plaintiff at his address as listed on ECF and to show proof of service on the docket.

I then asked DR. Gusman to please examine my skin due to the fact that it is being burned away with noticeable pigmentation skin discolor. I also reminded him that I'm in discomfort due to stinging, tingly feelings, and non stop itching all over my entire body every day daily. DR. Gusman refused to examine me and stated to me saying the State doesn't care. I then looked at him and then asked what about you? again he repeated the State doesn't care. I was dismissed without further comments. DR. Gusman's action violate my rights under the Constitution Due Process clause, Eighth Amendment, DR. Dear Mr Annucci, Commissioner:

God Bless You in Jesus name with a burden  
of love to rest on your heart! amen.

I'm Presently Seeking a Preliminary injunction  
Temporary Restraining order in the Following  
listed District Court through the listed Judge.

Honorable Judge Nelson Stephen Roman  
United States District Court  
Southern District of New York  
500 Pearl Street, New York, NY 10007

AS OF now my urgent medical need is  
before such court and I'm respectfully  
requesting for you to have me sent to the  
out side hospital for the following reasons.

In 2002 blood test taken at Coxsackie  
Correctional Facility showed signs of herpes  
1 mouth bumps.

"Continued"

3 OF 7  
Even though all of this information was already provided to you in the past it is only right that I explain such truth, in hopes for a solution.

In 2001 I first received a round bump on my inner thigh that leaked puss for a few days before going away. Next I received raised white patches the same color as this paper on the shaft of my private part and scalp. The patches then started to form into dark patches of burnt skin. Next I received patchy hair loss to my head. While all of this was occurring I was receiving non stop itching, stinging, vibrating, and tingly feelings to my body, which remain non stop to date.

From 2001 to 2009 I continued to show symptoms of white patches that appeared and then formed into dark patches of burnt skin. I constantly requested for a skin test to be taken but was repeatedly denied by docs medical personnel. I was teased, laughed at and much more. Depigmentation damage was showing causing my skin to appear lighter in a spread as well as in blotches, which are highly noticeable on my scalp as of now brown spotted circles started to appear on both the soles of my feet in 2002 which are now showing in different shapes on the soles of my feet and toes, followed by very dark patches the color brown on the front and heels of both feet. I also have a dark brown raised lesion between my right toe that is painful.

"Continued"

MY Symptoms have only Progress Since 2001.

For over a Year now I receive Fever like Symptom that Cause my entire head Plus the rest of my body to become overly heated every day, on and OFF through out the day. I receive Pain and burning Sensations within both eye Sockets Which Continue to occur each day now, on and OFF. I First Started to receive Pain within my eye Sockets Followed by burning in 2018. Which Were Nothing Compared to now. I also have blurry Vision, and receive nerve twitching to upper and bottom eye lids. I have deep burning occurring to my body Which is Showing an indent on the left Side of my Scalp. The white Patches Still occur as well as the dark Patches of burnt skin, but the white Patches are are Faint Compared to earlier Stages of this transmitted disease Which Was Passed to me in 2001 in Kingston n.y by tamara bullock.

MY facial hair is burning away With the appearance of white Patches in blotches. my Skin texture is extremely loose due to many many Years of Skin being burned away. I receive Sharp Pain and itching within my Private Part. I have a lump on my right testicle that Causes on and OFF Pain. Im Starting to Feel light headed.

Medical Care is intentionally misleading Under the Doccs Custody.

I have Witnessed lies and Cover ups on a repeated basis by Doccs medical employees. This kind of Cruel and Unusual Punishment is against the United States Constitution which Prohibits Cruel and Unusual measures of Corruption. I'm entitled by law under the Eighth amendment to receive adequate medical care!

On July 2, 2020 Doctor Karandy here at Great meadow Correctional Facility refused to examine me ever. after I told him that Symptoms of White Patches and burnt Skin were Showing on the Shaft of my Private Part. Unit Chief Mr. Boydston and OMH MS. Boule were Present during this denial.

On 9-11-2020 I Showed Dept MS. Collins and Captain Mr. Lamay the Deep burning Causing indent on Scalp, Plus the Soles of my Feet.

On 9-17-2020 Doctor Karandy Provided False information regarding Refusal Form. On 9-17-2020 I was Suppose to be Seen by DR. Karandy at 8:15 A.M. but was not let out of my Cell, even after I told Correction Officer Sherwood Several times that I had a Call out. At around 6:00 P.M. A Female Nurse ~~has~~ here at Great meadow C.F. arrived to my location of D-5 27 Cell with a Refusal Form with Comments listed From DR. Karandy.

On 9-16-2020 I Showed Superintendent Miller here at Great Meadow C.F. the Soles of my Feet, and also Provided him With Relevant medical information that Would Speak Volumes For immediate medical Care! Superintendent Miller told me to Send him a letter on 9-23-2020 I Submitted a Full description of my medical Concerns to Mr. Miller, Who did in Fact tell me that he Would get in touch With Dept Baker For medical Services. Prior to these events medical Care has been ~~ignored~~ ignored, Such as Not being Called to Sick Call When I Submit Request. P.A. Nesmith Refused to examine me during arrival to Great Meadow C.F. during medical Screening. On 8-28-2020 two Female nurses Refused to examine my Symptoms.

This denial of Medical Services is being done deliberately. Regardless of this Cruelty Please know that I love all of You in Jesus name amen. Dear Mr. Cox,

Governor Cuomo and Acting Commissioner Annucci have asked me to respond to your recent letter.

The Division of Health Services has investigated your concerns with the Health Services staff at Great Meadow Correctional Facility. I have been advised that you approved referrals for Dermatology, lab work and to see your provider and will be scheduled soon. Please be reminded that your primary care provider is the determinant of your medical care and treatment plan.

It is suggested that he continue to bring any medical concerns to the attention of the health care staff using the existing sick call procedure. I am sure they will make every effort to address his needs.

Sincerely,

blotches of skin discolor. the nurse called someone on the phone and then gave me a pill that she said was Chatahlapin. It read U on top and the number 315 on the bottom. I took two pills that made me feel dizzy. While I was laying down the C.O. came in and looked at the reading of the blood pressure. his face impression was that as if he was saying Wow! I told her that she was sitting in the office when the C.O. told me that I would be called back the following day. the nurse said quiet stop no more. This female nurse continues to threaten me with misbehavior reports when know misbehavior is occurring. She continues to tell C.O.s and other nurses that she is going to write me up. She is verbally mean and tells me to be quiet when I express my symptoms to her. for the record I will not harass, threaten, or display any violent conduct towards any staff members.
